After School Program

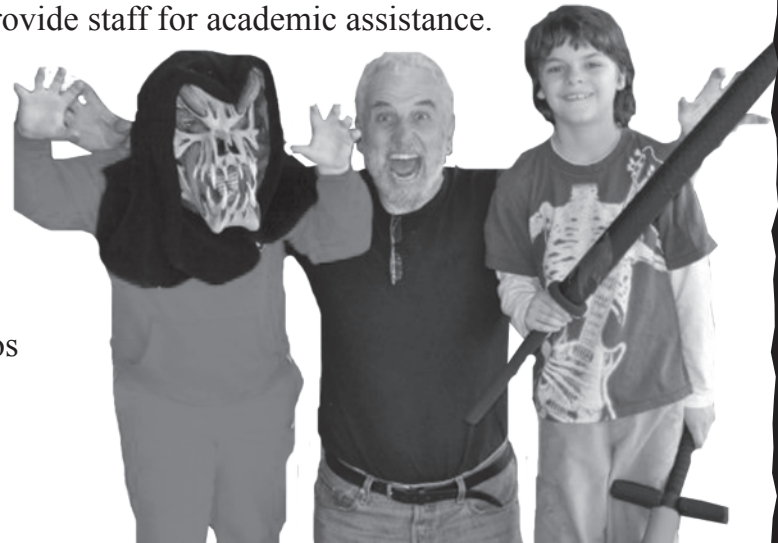

This isn't your average After School Program... this is an ongoing adventure for young heroes!

Limited Time Offer: Try your first 2 weeks of our After School Program for **FREE!** If you don't agree that we are the best option for your child, simply cancel your account. Please call (781) 270-4800 or for more information.

OPEN HOUSE: On Thursday, September 10th and Tuesday, September 15th, from 7-8:30pm, we invite you to attend our free After School Program Open House. Tour our facility, meet our staff and let your child experience a sample of our foam sword adventures. There are limited spaces available, so please contact us in advance with the date you will be attending.

At our After School Program, homework is a priority. Kids are motivated to finish their homework so that they can join the exciting adventure! We even provide staff for academic assistance.

Parents can drop by to pick up their kids as late as 6pm. Tuition is based on the school semester and 5 days a week with options for 2-4 days if capacity has not been reached. We provide transportation from the school to our facility. We take pride in our safety and our outstanding staff to student ratios (starting at 1:6 depending on age group). We also provide coverage for school half days and days off including winter and spring break.
